

A Solta Medical Special Event

MEET THE EXPERTS

June 8, 2013 | Laguna Beach, CA

Solta Medical will be hosting a special event featuring Dr. Vic Narurkar and Dr. Tracy Hankins. The morning session will focus on facial rejuvenation leveraging multiple technologies and injectables. Dr. Narurkar will discuss and demonstrate how to use multiple technologies and injectables on one patient to achieve superior results. During the afternoon, we will explore non-invasive custom body contouring. Dr. Tracy Hankins will discuss the benefits of utilizing high intensity focused ultrasound technology.

Dr. Vic Narurkar lectures both nationally and internationally, and is the author of over 100 publications. In 2009, he was appointed Chair of Dermatology at California Pacific Medical Center, San Francisco's oldest hospital. Dr. Narurkar currently uses Clear

+ Brilliant, Thermage CPT, Isolaz, Fraxel DUAL and Fraxel re:pair in his practice.

Dr. Tracy Hankins has been practicing in Las Vegas since 2004, and is the former Chief of Plastic Surgery at Sunrise Hospital. He is frequently sought after as a guest expert on television shows and networks such as the "The Doctors", TLC Network, and

local news segments. Dr. Hankins currently uses Fraxel DUAL, Thermage, Isolaz and Liposonix.

Space is limited - RSVP today to reserve your spot.

Event is reserved for doctors.
